Biographical background

Born and raised in Lexington MA, attended public schools. Following college at Boston University I was commissioned as an army officer and spent the next 20 years serving in many places around the US and the world. After retiring from the army I settled in Bedford in 1996, and became active in various local groups including the American Legion, the VFW and the Bedford Mens Club.

I was first elected to the NH House in 2000. During my tenure in the House I have served as Deputy Majority Leader, Republican Whip and am currently the Ranking Member of The Public Works & Highways Committee.

My wife Jane live in Bedford with our Golden Retriever.

Why I am running for reelection.

Fundamentally I am running to preserve what has made NH unique in the northeast, favorable business climate, expanded school choice, protection of our Second Amendment rights and of course preservation of our quality of life that makes NH such a great place to live. Make no mistake, all of these are under attack and it will take hard work to ensure that these efforts are thwarted. As an experienced legislator I know how to move bills through the House and that I can help to make sure that we retain our unique status.
